

Who We Are

1. Who We Are

The *Struts Applications* project operates on a meritocracy: the more you do, the more responsibility you can obtain. This page lists all of the people who have gone the extra mile and are Committers or members of the Project Management Committee. If you would like to get involved, the first step is to join the [mailing lists](#).

2. Project Administrators

- Ted Husted thusted@users.sourceforge.net
- Don Brown mrdon@twdata.org

3. Committers

Committers are people with write access to their project's CVS repository. New Committers to each project are nominated by and voted into a project by that project's current committers.
